

# global village [2021]

Typeface: Goudy Old Style Regular

global village, the world considered as a single community

web-based communications, wired, countless, endless ocean

uncontrolled-controlled stream

joyfulness *Ulysses* revolutionized the structure

simultaneous-continuous change

blend of particles, amalgam-mind

polyphonic-contrapuntal-mind

overlapping layers, stream-of-consciousness citizen of the world

contrast, distinction, differentiation

dissimilarity and electronic dissemination

food and help, electric networks, cables, waves, data

participation, process, surrounded by sound

simultaneous forms and events

resonance, compressed and invisible

electromagnetic writing, cities, a kinetic igloo

fragmented communities, everybody interfusion of space

music hall without walls, cheap wisdom and street sounds

what do we want to do with the time we have left?
