Typeface: Goudy Old Style Regular

Politicians are unable and unwilling to transform society.

Everybody has to do it. You have to do it.

You are responsible for your environment and the environment of your neighbor.

Just do what you can:

- Stop using cars
- Stop consuming stuff
- Stop consuming the world
- Stop polluting
- Stop the fossil madness
- Stop flying, travel by train
- Stop fast food
- Stop eating meat
- Stop fast fashion
- Stop being an ego asshole
- Stop excuses
- Start to think
- Start to act
- Start to care
